# Stanley Grove, Manchester

## Can you spare a few hours a week to support vulnerable people in your local community?

At Stanley Grove, we provide accommodation and support for rough sleepers in Manchester with complex needs. We're looking for kind and caring people to volunteer with our friendly team and help us with:

- › Supporting homeless people, and helping them to develop their confidence, resilience, and self-esteem
- › Facilitating group activities, e.g arts, crafts, or gardening
- › Completing administrative and general office tasks
- › Providing reception and customer service support
- › Other day-to-day support tasks, as required

A small amount of your time can make a big difference to the people we support.
