Long-term supported housing

We help people to live fulfilling lives, build confidence and develop the life skills they need to realise their potential and establish the foundations for independent living.

We provide a safe and secure living environment, working closely with residents and anyone currently offering them support to develop and deliver a personalised care and support plan to help make the changes needed for a better life.

CARE AND SUPPORT

We have extensive experience in supporting and encouraging people with low-level learning disabilities and mental health needs to develop their skills and live as independently as possible.

Our structured package of tailored support, based on the Outcomes Star model, agrees a personalised support plan helping residents to identify their needs and aspirations. Their progress is regularly monitored and reviewed, with the plan updated to reflect any changing needs. Romanby Crescent has a supportive environment where residents are encouraged to take control of their lives by building on their skills and strengths. Our highly-trained staff offer a wide range of tailored support, advice and assistance, including:

- Maintaining tenancy
- Day to day general needs
- Cooking, cleaning and shopping
- Managing finances
- Dealing with correspondence
- Health and safety in the home
- Socialising and community involvement
- Accessing education, training and employment

Staff are on-site seven days a week and residents have access to staff through an internal intercom system should they need any support. Residents have the option to include telecare support if required.
